MISS SARA'S SECTION - "Hello! It is completely mind blowing to me that we are at the end of February! Last week we got to walk down to the library and meet the Tooth Fairy! She talked to us about how to keep our teeth healthy, eating healthy foods and showed us the proper way to brush. Last Thursday we started something new at lunch, our hot lunch friends are walking over to the counter and getting their lunches and carrying their lunch to the table. The class is proud to be doing this and we are very proud of them. We are excited to start our space unit and we are adding Dr. Suess week. Thank you again for everything you all do and giving us the opportunity to learn with your little one."

BIRTH - 5 YEARS DEVELOPMENTAL SCREENINGS - On Friday, March 15th, Kremmling Preschool will host our annual FREE developmental screenings from 9am - 12pm. The Kremmling Preschool facilitates these developmental screenings for children birth - 5 years. They are conducted as a means for families and staff to identify children that are possibly in need of extra family or individual support. They also serve as an opportunity for families to just "check in" with specialists and teachers and see where their child is developmentally. In other words, you don't have to have a concern to attend these screenings, they are open to anyone. If you're interested in having for your child screened or know of someone who you think might benefit, please register soon or contact Michele for more information. Children currently enrolled in preschool DO NOT need to schedule a screening as they have already been screened. Please call Michele at the preschool (970) 724-9483 for more information or to register your child. Space fills quickly!
