

## PLAYDOUGH RECIPE

2 cups flour

$\frac{1}{2}$  cup salt

3 Tablespoons cream of tartar

2 Tablespoons oil

2 cups water

Food coloring (add to water)

Combine dry ingredients, add wet ingredients and mix well. Cook over medium heat, stirring constantly, until no longer sticky.

\*optional: a drop or two of some flavorings make it smell good too! Some examples are cinnamon oil, peppermint oil, etc. We have also put glitter in for fun! 😊

## KOOL-AID PLAYDOUGH RECIPE

2 cups flour

$\frac{1}{2}$  cup salt

2 pkg. unsweetened Kool-aid

4 Tablespoons cream of tartar

2 cups warm water

4 Tablespoons vegetable oil

Combine all dry ingredients in a sauce pan. Add water and oil. Stir over medium heat for 3-5 minutes, until it forms a ball. Work with your hands until cool.

## PUMPKIN PIE PLAY DOUGH RECIPE

1 cup flour

$\frac{1}{2}$  cup salt

1 cup water

2 tbsp oil

2 tbsp cream of tartar

$\frac{1}{3}$  of the jar of pumpkin pie spice (the tiny jar)

maple extract

vanilla extract

food coloring

Combine the dry ingredients and the oil. Slowly add the water. Add a few dashes of each of the extracts and a few drops of red and yellow food coloring. Cook over medium heat, stirring until stiff.

As it mixes you can see if you'll need more food dye. We tried to be conservative at first, because I didn't want it to be too vibrant. We added a little at a time until we achieved the right color.

Once it's finished cooking, turn out onto wax paper and allow to cool.

The pumpkin pie spice was too spicy by itself, for my liking. The extracts make it smell sweeter, just like a pumpkin pie. Sniff the dough. Does it smell too spicy? Add a little bit more extract and knead it all together. If the dough is too sticky, add a little more flour. If it's too dry, add a few drops of water.
